Agri-Fab Debuts New 45 Gallon 3pt Sprayer for Compact Utility Tractors

Versatile and ideal for maintaining crops, gardens, orchards, or lawns

Sullivan, IL – Agri-Fab, Inc. is excited to unveil its 45-gallon 3pt sprayer (model #45-0641), designed for use with compact utility tractors and other vehicles equipped with a Category 1 three-point hitch. Perfect for applying herbicides, pesticides, fungicides, and fertilizers around larger properties. The sprayer has several convenient features including a drain in the 45-gallon poly tank as well as a breakaway design for its 7.5' boom to prevent damage from obstacles while spraying.

The sprayer includes a 2.2 GPM diaphragm-type pump with a port manifold and a glycerin filled pressure gauge. The heavy-duty powder-coated steel frame is easy to hook up to utility tractors or larger machines with its CAT 1 3pt hitch design. The two-wire fused wiring harness is complete with a quick disconnect for convenient electrical hookup.

“From crops and orchards to gardens and lawns, our new 45-gallon 3pt sprayer provides flexibility to get liquid products applied quickly,” said Hilary Conner, Vice President of Sales and Marketing for Agri-Fab. “Not only does this sprayer offer a 10-ft. spray width, but there is also a spray wand with a 30 ft. stream and 15-ft. hose to get into those hard-to-reach places.”

Agri-Fab’s new 45-gallon 3pt sprayer offers agricultural grade hoses that provide greater durability, flexibility, and performance in extreme weather conditions. The spray wand also features a hand grip with a trigger lock to allow for a continuous stream.

With a 1-year limited warranty, you can rest reassured that the 45-gallon 3pt sprayer will keep your property looking its best for years to come. You can find this and all our products at several online retailers or one of the many select Agri-Fab retail partners nationwide.

ABOUT AGRI-FAB: Agri-Fab, Inc., with locations in Sullivan and Decatur, Illinois, is an American manufacturer that has designed and manufactured lawn and garden attachments and equipment for consumers and commercial landscaping and lawn care companies since 1975.
